

BENEFITS OF BELONGING TO SPAINSIF

SINCE 2009 PROMOTING SUSTAINABLE FINANCE

1

PROMOTION

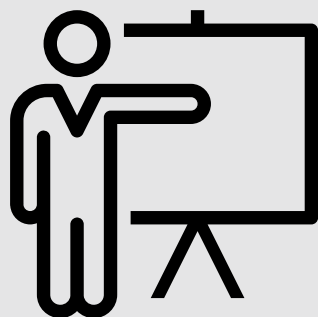

Spainsif, with the aim of informing and disseminating information about the most relevant throughout the year, organizes different events and activities such as monthly SRI meetings, the SRI week, the annual event, Spainsif Talks, thematic Podcast series and SRI colloquiums on the occasion of the celebration of different international thematic days.

2

COMMUNICATION

Spainsif elaborates different types of communications to highlight the association's activities. This is done through social networks, weekly newsletters on SRI current events, articles, reports and other documents of interest, and SRI in 2 minutes, which briefly discusses topics of interest to members in relation to sustainable investment.

3

FORMACIÓN

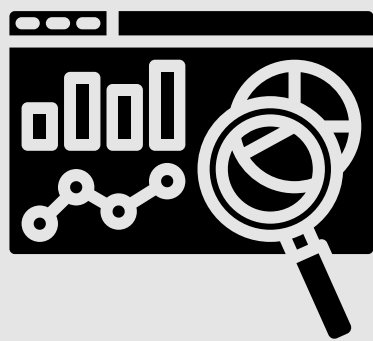

Spainsif organizes Summer Courses and MOOC Courses.

Summer courses:

- Diversity and inclusion in investment.
- Sustainable investment for recovery
- Financial products in the face of climate emergency
- Challenges behind the success of impact investing

MOOC courses:

- "Sustainable investment for all". Focus on the retail investor.
- "Development of sustainable investment portfolios".

4

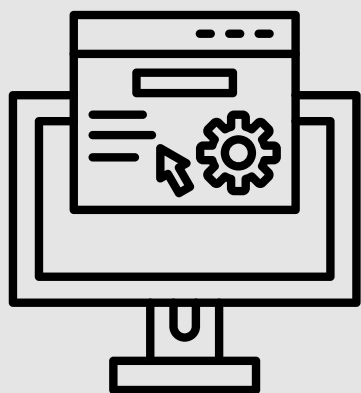

RESEARCH AND STUDIES

Spainsif conducts an annual study on the evolution of the SRI market in Spain and thematic studies.

SRI Market Studies in Spain: "Sustainable and Responsible Investment in Spain".

Thematic Studies:

- "Governance in Sustainable Finance".
- "The Social Dimension of Sustainable Investment".
- "Investments and Climate Change".

5

FUNDS PLATFORMS

Website where you can find those products marketed in Spain, catalogued as article 8 and article 9 according to the Sustainable Finance Disclosure Regulation (SFDR), both from national and international entities.

6

EXPERT GROUPS

Meetings of expert groups in different areas:

- European Public Policy on Sustainable Finance
- Impact Finance for the institutional investor
- ESG occupational pension schemes
- Expert Group on Sustainable Finance and Issuance
